

BLACKHEART SAAK Semi-Automatic AK

part number **BFV762-B10B-BLKP**

A MODERNIZED

The BLACKHEART B10B is a contemporized variant of the Romanian AKM rifle. The US-made receiver combines with a premium US chrome-lined barrel to deliver reliable performance with a familiar AKM feel. The Phoenix Technologies stock is a lightweight polymer buttstock featuring an integrated storage compartment and a thick buttstock pad for shooting comfort. The tri-rail forend can accommodate a drop grip, tactical light, optic, or other accessories. The over-molded and grooved pistol grip offers positive hand placement for optimal trigger control and weapon retention.

CLASSIC

7.62x39mm semi-automatic rifle
