PARTS LIST

WARNINGS and CAUTIONS:

- Confirm all parts are present before assembly. If any part is missing, cracked or damaged, please contact Sportsman's Guide customer service before assembly.
- Read and understand all warnings, cautions, assembly, installation and use instructions prior to assembling, installing or using this product. Failure to follow all warnings, cautions and instructions may result in serious injury or damage to personal property.
- ⚠ **WARNING:** This package contains small parts and is a choking hazard, keep away from children, persons that have a tendency to place inedible objects in their mouths and pets.
- Due to the numerous options to hang this product, the enclosed hardware is not intended to be used for all situations and in all wall types. We recommend consulting with a qualified professional for your particular installation and hardware needs to insure not only proper support for the weight of the product, but also avoid utility and property damage.
- The warnings, cautions, and instructions in this manual cannot cover all possible conditions or situations that could occur. Exercise common sense and caution when installing/using this product.

ASSEMBLY INSTRUCTION

1. Measure the suitable place for wooden pegs for gun hanging. Secure the screw at the back with washer and install the wooden pegs in the display case.

2. To install metal hanging hooks (if desired), identify the location for the best support on the wall and install the metal hooks accordingly.
