

SCH

Smooth Concealment Holster

The Smooth Concealment Holster (SCH) line is made up of 7 sizes that accommodate firearms ranging in size from micro-compact to large frame. The SCH is the most comfortable soft cowhide holster available. Delivering total concealment, the SCH gets better with age; the more it is worn the more comfortable it becomes as it forms perfectly to the firearm.

The soft textured leather allows for airflow against the skin and ensures the wearer's comfort. It also boasts a suede interior providing a smooth draw and excellent retention.

The SCH delivers a carry experience like no other. Regardless of your firearm preference, the available sizes accommodate an enormous selection of popular handguns perfectly.
