STAMPEDE *RUSH*

PUSH THE BOUNDARIES

The Stampede Rush Collection pushes the boundaries of a traditional work boot. Designed with an athletic construction and an Ortholite® Dual Density Insole, these boots offer extreme comfort with a wide range of features necessary to perform in any environment.

/ ATHLETIC CONSTRUCTION

/ WATERPROOF

/ SAFETY AND NON-SAFETY TOE OPTIONS

/ ELECTRICAL HAZARD

/ ORTHOLITE® DUAL DENSITY INSOLE

/ OIL & SLIP RESISTING OUTSOLE

Featured Style # WK4330

PRYM1® CAMO PARTNERSHIP

Back in 2018, Justin Boots formed an exclusive footwear partnership with Prym1 Camo, adding one of their patterns to a boot in our Stampede Rush lineup.

Prym1 Camo offers a wide range of outdoor patterns specially designed for concealment across multiple environments. Their patterns have been professionally designed with the idea of using action and shapes, rather than still trees and leaves.

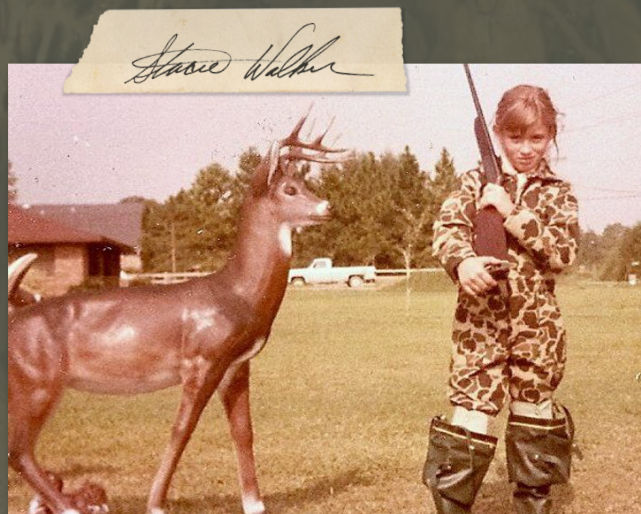

The inspiration behind Prym1's pattern direction came from founder Stacie Walker, a wildlife artist and avid hunter. She feels patterns should come from actions and animal movements rather than still life elements. Her tagline is, "Be the predator, not the tree."

The two most recent Prym1 patterns featured in our Stampede Rush Collection are the ladies' Typhoon and men's Woodlands.
