

SPRING 2022

A man wearing a camouflage cap, a dark blue jacket, blue jeans, and brown work boots is walking a large white dog through a wooded area. The dog is on a black leash. The ground is covered with dry leaves and some green plants. The background consists of many thin tree trunks and some green foliage.

100% MUCKPROOF

THE BOOTS THAT GET IT DONE

THE ORIGINAL MUCK BOOT COMPANY

It all started with a universal problem—muck. Wet, messy, muddy, dirty muck. We were determined to find a solution for keeping our feet warm and dry through it all. We began, out of necessity, to build premium, protective, reliable boots that offer exceptional comfort in every element. That's how

The Original Muck Boot Company was born, providing 100% waterproof boots and footwear that withstand the muckiest situations in every season.

Over the past two decades we have had the freedom to innovate, experiment, and test our products in every single element—because outside, there are way more than four seasons. That's why we've designed each of our styles to work hard for every task and brave every condition—so you can be protected, productive, and always in your comfort zone, no matter what the weather.

UTILITY Work

Ready to take on any job, and the promise to see it through. These are the boots that were made to work hard, feel great and keep you protected.

PURSUIT Sport, Hunt

No matter how much or how many different types of terrain you're covering these are the boots that were designed to go the distance. Whether hunting, wading, stomping, slushing or walking for miles.

LIFE Garden, Everyday

Built for life in the Muck. Lightweight, versatile and comfortable footwear for every season. Flower bed building, picking, digging, beekeeping, clipping, and more.

OUR PROMISE

We are dedicated to building footwear that is 100% MUCKPROOF: remarkably protective, exceptionally comfortable, and totally waterproof. Constructed from premium rubber, neoprene and leather materials, designed to brave every element.

PRODUCT TECHNOLOGY

Our product tenets are deeply woven into our technology, directly translating into three distinct categories: **Protection**, **Traction**, and **Comfort**.

PROTECTION

MUCKDRY™ 100% Waterproof

100% Waterproof

Materials and Construction

MuckSkin

Printed rubber coating over neoprene that's lightweight, flexible, 100% waterproof

MuckLeather

100% Genuine Leather

MUCKSHIELD™ Environmental Protection

MuckStop

Nylon collar that provides a customized fit

Snake Resistant

Tested and certified against snake strikes

Loc-Tite

Bungee lace with an adjustable lock closure that keeps water and debris out

Scent Masking

Lining treatment that blocks odors

MUCK PROTECT™ Pro-Grade Protection

Met Guard

Extreme Impact Protection

Anti-Viral Protection

Tested to meet Anti-viral protection standards
ASTM F1671 / F1671M - 13

Oil Resistant

RDR rubber protects against caustics, solvents, hydrocarbons, oils, fats and acids

PR Plate

Puncture Resistant plate delivers comfort and safety

Steel Toe

Tested to meet
ASTM F2413-18 M/I/C PR EH

Guarden

Rubber toe and heel for more durability and extended wear

Non-Metallic PRPlate

Puncture resistant plate that delivers comfort, reduce foot fatigue, and safety

Comp Toe

Non-metal, tested to meet
ASTM F2413-18 M/I/C PR EH

CSA

Meets Canadian Standards of Protection

TRACTION

MUCKGrip™ Commercial Grade Traction

Slip-Resistant

Exclusive RDR rubber compound grips surfaces, creating sure footing

SRA

SRA

For the traction you need on wet flooring surfaces as tested with lauryl sulphate on ceramic tile

SRC

SRC

SRA and SRB combined, for the highest slip resistance that can be achieved, giving you the best in class traction

Glacier Trek™

Advanced cold weather slip-resistance and wet ice surface traction

Vibram® Arctic Grip A.T

For wet ice traction coupled with XS Trek Evo adding durability and improved grip on wet and dry surfaces

COMFORT

MUCKComfort™ FB Footbed Comfort System

FB1

EVA Footbed

FB2

Molded PU Footbed

FB3

Dual-density Footbed-with memory foam

MUCKComfort™ TC Footbed Comfort System

Breathable Mesh

Sandwich-fabric lining improves air circulation

Cool Weather Lining

Soft, insulating, lightweight, performance

XPRESSCOOL™

Anti-microbial evaporative cooling liner

bioDEWIX™

Footbed Insert Topcover with NZYM™ for Odor Control and Moisture Management

MUCKComfort™ TC Recommended Temperature Ratings

XPRESSCOOL™

SPANDURA

Spandura layered over Neoprene adds protection against water keeping your feet dry in all activities.

HIGH GRADE

High grade rubber exterior provides a tough waterproof barrier. Making these boots perfect for wet environments.

6MM EVA

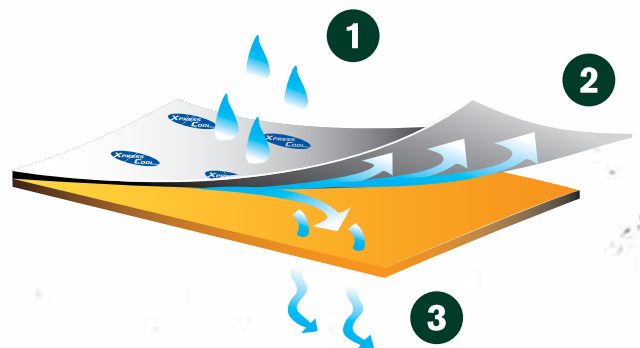

6mm EVA sockliner provides additional support and comfort for all day wear.

INSOLE

etc sock lining reduces under-foot friction and heat build up, allowing for a more comfortable overall feel.

XPRESS COOL HOW IT WORKS

- 1** As the foot starts to sweat, the Muck XpressCool™ fabric rapidly pulls moisture away from your skin.
- 2** The Muck XpressCool™ lining absorbs and spreads the moisture out across the boot lining to drier areas of the boot to enhance the evaporative drying rate.
- 3** Most importantly, as the moisture is spread and dries, it creates a cooling effect which keeps your feet cool and dry in warm weather.

VIBRAM TRACTION LUG

**INCREASED TRACTION UP TO 25%,
ADDED STABILITY, INCREASING SURFACE
AREA BY 50%, ADDED PROPULSION AND
INCREASED BRAKING POWER.**

TRACTION LUG

**LARGE OPEN ZONES BETWEEN
LUG FOR DEBRIS EJECTION**

**STEPPED LEADING EDGES WITH
MICRO LUG ELEMENTS TO
INCREASE SURFACE AREA AND
AMPLIFY TRACTION**

**VERTICAL RUNNING CHANNELS
THROUGHOUT SOLE FOR FLUID DISPERSION**

**MICRO LUG ELEMENTS ON RADIUS PARTS OF LUGS
FOR MAXIMUM GRIP WITHIN LOOSE MEDIA**

VIBRAM ARCTIC GRIP A.T.

**VIBRAM ARCTIC GRIP WITH XS TREK EVO
ADDING DURABILITY AND IMPROVED GRIP
ON WET AND DRY SURFACES.**

ARCTIC GRIP A.T.
WET ICE TECHNOLOGY

**SMALLER ANGULAR LUGS
TO DIG INTO SNOW, SLUSH
OR LOOSE TERRAIN**

**LARGE SURFACE AREA
ARCTIC GRIP LUGS FOR
WET ICE TRACTION**

**VIBRAM XS TREK
EVO COMPOUND FOR
ALL TERRAIN SURFACES**

CHORE FARM LEATHER COLLECTION

Over two decades in and around farms and barns has taught us a thing or two about the type of materials needed in our footwear to stand up to the Acidic and Alkali elements found in these environments. In these boots, our signature leather is not only "Farm Proof" but also flame and lime resistant while remaining 100% waterproof. The outsole stands up to oil, gas and diesel fuel while being slip resistant on hard flat surfaces. All this while being supportive and comfortable as we wrapped all this technology around a footbed designed like the bucket seat of a pickup truck. We are excited to provide a leather solution that offers the same high quality and protection as our trusted neoprene and rubber boots. The Chore Farm Leather collection, tough enough for your worst days – handsome enough for your best.

CHORE FARM LEATHER

- ◆ 100% Waterproof, 100% Barnyard Proof
- ◆ Lace-up Construction for a Tailored Fit/ Twin Gore Pull On for Easy on and Off
- ◆ Farmwork Leather provides protection against all the elements in the barn
- ◆ Breathable Mesh Lining
- ◆ Dual Density Footbed with Memory Foam for Long Lasting Comfort
- ◆ bioDEWIX™ Footbed Insert Topcover with NZYM™ for Odor Control and Moisture Management
- ◆ Composite Safety Toe for Non-Metallic Protection
- ◆ Oil & Gas Resistant Outsole
- ◆ SRA Rated-Slip Resistant

THE CHORE COLLECTION

The original and the best. People expect a lot from a Chore boot, and we always aim to exceed their expectations. Constructed from high grade scuba neoprene and layers of hand laid rubber for maximum performance and durability these boots have kept workers dry and comfortable for more than two decades. The collection now includes the Chore XF with a rear gusset that delivers the same performance and protection as the original but with up to 5 extra inches of calf accommodation for optimal fit and comfort. We have also extended the Chore line with new color offerings and heights.

THE MUDDER

We live in a world where there are a lot more than just four seasons. We celebrate the seasons between the seasons. We welcome the slush, mud, and floods that can come from unpredictable weather. The Mudder has passed strict independent slip resistance testing with its superior surface traction, designed to perform on wet or dry surfaces. Made with a durable rubber compound, this outsole has specialized tread spacing with lug side profiles that are specifically designed to shed mud and clay. This boot was built specifically to lock the ankle into the back of the boot to reduce heel slip and maintain fit integrity even in the muddiest conditions. Finally, all day comfort and support are achieved by our dual density footbed, with memory foam for a customized fit and a solid foundation.

MUDDER TALL

NEOS COLLECTION

NEOS has been a leader in overshoe products since 1994 as one of the first brands to offer a lightweight solution to providing an extra level of protection, insulation, and traction. Designed to be worn right over your everyday footwear, NEOS overshoes are versatile, easy to pack, and easy to slip on and off. NEOS are made from technically advanced materials to provide durability and performance in the most extreme conditions. The uppers are made of highly durable Nylon which has been specially constructed inside and out to provide 100% waterproof protection.

NEOS overshoes protect your footwear in all weather conditions. Multiple outsole options, some with removable studs, are available to equip you with the best traction for the terrain and surfaces you'll be encountering. All styles feature lugged outsoles with an aggressive tread for high traction that performs in wet, cold, and icy conditions. A specially formulated rubber keeps NEOS flexible, even at sub-zero temperatures. NEOS are equipped with an adjustable instep strap for a secure, quick fit.

Whether it's extreme cold, rain, snow, or just plain slush, NEOS will help keep your feet and favorite shoes dry and protected.

GLACIER TREK™ SPK

SUPERIOR TRACTION

EXPANDED SURFACE AREA FOR MORE CONTROL IN DEEP SNOW

MULTI DIRECTIONAL LUGGED OUTSOLE PROVIDES TRACTION IN SNOW AND UNEVEN TERRAIN

REPLACEABLE GLACIER TREK™ SPK STAINLESS STEEL CLEATS ARE NON CORROSIVE AND HEAT TREATED FOR MAXIMUM TRACTION IN ICE AND SNOW

NEOS OVERSHOE BY MUCK

The diagram shows the bottom of a black overshoe with yellow lugs and silver cleats. Callout lines point to the expanded surface area, the multi-directional lugged outsole, and the replaceable stainless steel cleats. The NEOS logo is visible on the side of the sole.

GLACIER TREK SPK

Introducing the NEOS Winter collection featuring our new Glacier Trek™ SPK outsole technology for superior cold weather traction. Built to stand up to the daily abuse of occupational users while providing the performance mandated by explorers in extreme cold weather environments. Glacier Trek™ SPK ice traction cleats are engineered to provide excellent traction while being durable via a non-corrosive heat treated metal that digs into ice and snow with ease.

- ◆ Durable Uppers are Waterproof and Windproof
- ◆ 2.5mm Polyurethane Internal Bootie
- ◆ Glacier Trek SPK outsoles, with 32 Replaceable Cleats per Pair, Provide Excellent Traction on Ice and Snow. NOT to be used on Hard Surfaces
- ◆ Cleat Wrench included with Convenient Internal Pocket to keep Wrench Handy and Available to Change Cleats on the Job
- ◆ Adjustable Hook-and-loop Strap System for a Secure and Comfortable Fit
- ◆ Lightweight Design to Help Prevent Foot and Leg Fatigue
- ◆ Excellent Traction for Slip Resistance
- ◆ Compact for Convenient Storage
