COBALT™
VX

Our premium technology provides temperature management, advanced support and enhanced flexibility with an engineered fit for optimal performance.

FEATURES

- A.** Temperature-managing X-STATIC® layer provides comfort and odor protection
- B.** Metatarsal strike pad protects small bones and nerves
- C.** VX cradle insole supports arch and heel for greater stability
- D.** Anatomically designed midfoot support zone provides superior shock absorption and comfort
- E.** Integrated shank stabilizes the foot, providing superior balance
- F.** Cushioning midsole for shock absorption and rebound
- G.** Oil- and slip-resisting Duratread™ outsole for maximum wear resistance

PLATFORMS

CATALYST™ VX WORK

ACTIVE SUPPORT AND FLEXIBILITY

SPIDER TEK™

Our premium footwear technology is engineered to react to force and movement while providing ultimate, anatomical support for unparalleled performance.

FEATURES

PRO PERFORMANCE INSOLE

- A.** Durable, moisture-wicking liner with Cleansport NXT™ technology for natural odor defense
- B.** Anatomically-engineered cushioning insole offers long-lasting support
- C.** Smart Rebound™ absorbs shock and dissipates pressure in the heel
- D.** Base layer air vents regulate temperature to keep feet cool and comfortable
- E.** Cushioning midsole for shock absorption and rebound
- F.** Innovative chassis engineered for active rebound upon heel strike, support through midfoot, and flexible forefoot protection
- G.** Oil- and slip-resisting Duratread™ outsole for maximum wear resistance

PLATFORMS

INTREPID

HYBRID STABILITY AND ACTIVE SUPPORT

Our premium footwear technology offers full-range stability with flexibility in the forefoot and active rebound for the reduction of foot fatigue.

FEATURES

ENERGY MAX INSOLE

- A. Durable, moisture-wicking liner with Agion® technology for intense odor defense
- B. Rebound foam layer cradles the foot and dissipates pressure for superior comfort
- C. Open-cell foam regulates temperature to keep feet cool and comfortable
- D. Anatomically-engineered cushioning insole offers long-lasting support
- E. FLX Foam™ midsole for advanced cushion and rebound
- F. Full-length shank for torsion stability with forefoot protection for reduction of foot fatigue
- G. Oil- and slip-resisting Duratread™ outsole for maximum wear resistance

PLATFORMS

ENDEAVOR

MAXIMUM STABILITY AND PERFORMANCE

Our enhanced mid-level technology provides additional support and durability for tough tasks and long hours on your feet.

FEATURES

ENERGY MAX INSOLE

- Anatomically-engineered cushioning insole offers long-lasting support

POWER SUPPORT INSOLE

**Premium cushioning and rebound with heel and arch support**

- Durable, moisture-wicking liner with Agion® technology for intense odor defense
- Rebound foam layer cradles the foot and dissipates pressure for superior comfort
- Open-cell foam regulates temperature to keep feet cool and comfortable
- Anatomically-engineered cushioning insole offers long-lasting support
- Molded cradle supports the arch and heel for greater stability

Additional Technologies & Features

SAFETY RATINGS, SPECIFICATIONS AND CERTIFICATIONS

CARBON TOE

Carbon toe styles are ASTM F2413 rated for safety. Lighter weight than a traditional Composite Toe, it provides strength and protection on the job with low temperature conductivity so your feet stay warmer in colder weather. Non-metallic for electronic security working conditions.

COMPOSITE TOE

Composite toe styles are ASTM F2413 rated for safety. Lighter weight than traditional steel toes with less temperature conductivity so your feet stay warmer in colder weather. Non-metallic for electronic security working conditions.

STEEL TOE

Steel toe styles are ASTM F2413 rated for safety. These tough work boots and clogs feature a steel cap to protect toes against falling and heavy rolling objects.

100% NON-METALLIC

Ariat 100% non-metallic safety technology is metal detector friendly.

CSA®

Canada has standards for safety footwear greater than or equal to ASTM requirements. Safety toe boots sold in Canada must be certified according to CSA Standard Z195-14 Protective Footwear, with Grade 1 toe protection, sole protection and electric shock resistance (ESR). For puncture resistance, Ariat uses SWEN-FLEX®, a metal-free midsole technology. For electrical shock protection, CSA Z195-14 and ASTM F2413 testing processes and standards are the same. CSA certified work boots will be available in the USA and ASTM F2413 rated.

PUNCTURE RESISTANT

Puncture Resistant work boots feature the SWEN-FLEX® midsole, a metal-free technology providing more foot surface protection and meeting or exceeding the same standards as conventional steel plates. These boots provide an industry leading combination of flexibility, safety and comfort.

Puncture Resistant work boots are ASTM F2413 PR rated for safety.

STATIC DISSIPATIVE™

Static Dissipative styles are ASTM F2413 or F2892 rated. These styles protect against the hazards of static buildup in the workplace by reducing excess electricity and simultaneously providing a level of protection against electrical shock.

XRD® METATARSAL PROTECTION

XRD® Extreme Impact Protection Metatarsal Guards offer comfortable, lightweight impact protection for work and safety boots. Upon impact, XRD® Performance Molecules instantly react to form a protective shield around the foot, then quickly return to their original resting state. XRD® Met Guards are thin and flexible, providing long-lasting comfort and protection on and off the job.

Additional Technologies & Features

ARIAT® TECHNOLOGIES AND FEATURES

U-TURN® ENTRY SYSTEM

Perfect-fitting pull-on boots are now an option for our consumer with wide feet or high arches. Thanks to our patented U-Turn® Entry System (U.S. PATENT NO. 9,282,781), a hidden flexible gore panel in the back of the shaft provides just enough “give” to get feet past the turn with ease. Now feet of all sizes can enjoy pull-on boots without sacrificing on style.

VENTTEK™

Innovative Ariat VentTEK™ technology enhances performance footwear with integrated mesh panels to enable air flow. Say hello to cool, comfortable, performance boots.

Additional Technologies & Features

BOA®

BOA®

Dial in a fast, effortless, precision, fit with the micro-adjustable BOA® Fit System, designed to provide custom support and performance.

BANTAMWEIGHT

BANTAM WEIGHT

Bantamweight is an innovative performance sole from Ariat, made to deliver flexible, lightweight comfort with oil- and slip-resisting durability.

GLACIER GRIP

GLACIER GRIP

A new level of grip and performance, Glacier Grip is built for traction in snowy and icy conditions. Using a revolutionary technology that utilizes an unparalleled rubber traction compound that maintains adhesion in freezing temperatures, it allows you to move through the toughest outdoor conditions with cutting edge grip and speed.

FLX FOAM™

FLX FOAM

FLX Foam™ midsole provides lightweight cushioning and long-lasting rebound. Designed with an EVA and rubber blend to decelerate compression.

USA ASSEMBLED

American ingenuity at work - Work boots designed & assembled in the USA, built with quality materials from around the world.

WATERPROOF PRO™

When the weather's not cooperating, you want a boot you can trust to protect you from the elements. Ariat Waterproof Pro™ footwear has been designed with our top-of-the-line Ariat® waterproof construction, utilizing waterproof premium full-grain leathers and an impermeable barrier to deliver durable, long-lasting protection.

WATER RESISTANT

Water-resistant styles are designed to repel water and allow for maximum breathability.

Additional Technologies & Features

PARTNER TECHNOLOGIES AND FEATURES

3M™ THINSULATE™ INSULATION

For warm feet no matter the conditions, 3M™ Thinsulate™ Insulation for footwear is the ideal choice. It's pre-compressed to make shoes and boots less bulky while helping them retain heat in the great outdoors or on city streets.

GORE-TEX®

Premium GORE-TEX® fabric is a waterproof, highly breathable membrane technology. GORE-TEX® products are optimized for comfort and designed to meet the challenges of a wide range of outdoor activities and weather conditions.

VIBRAM®

Vibram® is the world leader in high performance rubber soles. Each Vibram product utilizes the latest designs and optimal compounds for its specific use. Ariat Vibram® Work soles satisfy all ISO standards for safety and protective footwear, and provide a high level of performance in grip and durability.

VIBRAM® FIRE&ICE

Designed for firefighters who work in cold climates, the new FIRE&ICE compound combines the heat resistance of Vibram's FIRE compound with the slip resistance of Vibram® DRI-ICE compound, for an even higher level of performance and durability. This innovative compound meets NFPA requirements for flame resistance and abrasion, withstanding temperatures of up to 475°F for 40 minutes. Plus, FIRE&ICE maintains its flexibility in freezing temperatures, while providing superior traction in even the coldest, wettest conditions.

X-STATIC®

Made with 99.9% pure silver, X-STATIC® enhances products with permanent anti-odor performance. It naturally inhibits the growth of bacterial odors on apparel and textile products, keeping your gear smelling fresh. X-STATIC® also has natural temperature regulating properties to keep you performing at your best.

STUMP JUMPER

Delivers aggressive outdoor traction and durable support for extreme outdoor work environments

ADVANCED STABILITY AND PERFORMANCE

FEATURES

- Protective ExGuards™ reduce wear on toe and heel
- Goodyear welt construction for durability
- Lightweight, composite forked shank for stability
- FLX Foam™ midsole for lightweight cushion and rebound
- Oil- and slip-resisting Duratread™ outsole for maximum wear resistance
- 90° heel

GLACIER GRIP
(SELECT STYLES)

BEST FOR

Harsh outdoor work environments
or heavy-duty construction

STUMP JUMPER

Tough boots for the toughest jobs, our Stump Jumper platform provides aggressive outdoor traction and durable support to match the demands of working outside in extreme environments.

Waterproof Pro™ construction with waterproof full-grain leather

Lightly padded collar and tongue top

Protective ExGuard™ for wear resistance

600g Thinsulate™, available on select styles

Energy Max anti-fatigue insole

Puncture-resistant, metal-free SWENFLEX® insole board, available on select styles

Lightweight shock-absorbing FLX Foam™ midsole

Oil- and Slip-resisting Duratread™ outsole with snow and ice traction pods, available on select styles

90° heel

Outdoor traction lugs with debris-releasing tread

REBAR™ FLEX

Delivers flexible, lightweight comfort with anatomical support

FEATURES

- 100% non-metallic construction
- Cushioning EVA midsole for shock absorption
- Lightweight stabilizing shank
- Oil- and slip-resisting Duratread™ outsole for maximum wear resistance, passes hot contact test at 300°C/572°F
- Defined heel

EVERYDAY COMFORT AND STABILITY

BEST FOR

Construction trades or work that requires repetitive kneeling and bending

REBAR™ FLEX

Game-changing boots engineered for lightweight flexibility. Optimal for repetitive bending, lifting or kneeling motions with comfort cushioning and a slip-resistant outsole.

100% non-metallic

Injected lateral support cage

Forefoot flex notch

Hidden EVA midsole

Oil- and slip-resisting Duratread™ outsole provides maximum durability

Leather for protection in key areas combined with mesh to enhance flex and breathability

ESS midsole in heel provides EVA comfort with extra protection and support

HOMESTEAD

Delivers cushioning support, flexibility and aggressive traction for all-day comfort on a variety of surfaces

ADVANCED STABILITY AND PERFORMANCE

FEATURES

- 100% non-metallic construction
- Lightweight, composite forked shank for stability
- Cushioning midsole for all-day comfort
- Oil- and slip-resisting Duratread™ outsole for maximum wear resistance
- 90° heel

BEST FOR

Harsh outdoor work environments;
oil and gas exploration

HOMESTEAD

American ingenuity at work. The Homestead is assembled in the USA and built for the future while preserving Ariat's commitment to superior craftsmanship and innovation. Best for harsh outdoor work environments or heavy-duty construction with exceptional cushioning for all-day comfort, no matter where the day takes you.

Energy Max insole cradles the foot and dissipates pressure for superior comfort

Available in composite safety toe and soft toe options

Direct attach construction for lightweight flex

Anatomical last for true fit

Outdoor traction lugs with debris-releasing tread

90° heel

Waterproof Pro™ construction, available on select styles

Premium full-grain leather

Patented U-Turn® Entry System allows easier entry for those with high arches

Cushioning PU midsole for shock absorption

Oil- and slip-resisting Duratread™ outsole provides maximum wear resistance

HOMESTEAD USA ASSEMBLED

BIG RIG

Delivers an all-around bigger build with durable support and roomier fit

ATS ADVANCED STABILITY AND PERFORMANCE

FEATURES

- Built roomier all-around to accommodate higher insteps and wider feet and calves.
- Dual-density FLX Foam™ midsole for lightweight cushion and rebound with protection
- Lightweight, composite forked shank for stability
- Goodyear welt construction for durability
- Oil- and slip-resisting Duratread™ outsole for maximum wear resistance, passes hot contact test at 300°C/572°
- 90° heel

BEST FOR

Harsh outdoor work environments
or oil and gas exploration

BIG RIG

Bigger is better with the Big Rig. Extended sizes, widths and wider shaft entry to accommodate wider calves, it is built to fit all customers. It's designed to tackle harsh outdoor work environment or oil and gas exploration.

Wider shaft entry with deep scalloped opening to accommodate higher insteps and wider calves

Dual-density FLX Foam™ midsole delivers lightweight, long-lasting shock absorption with protection

Composite safety toe is lighter weight than traditional safety toes

Oil- and slip-resisting Duratread™ outsole for maximum wear resistance and durability

Lightweight composite forked shank for enhanced stability protection

90° heel

Premium full-grain leathers

Revolutionary patented Ariat U-Turn® Entry System

Energy Max rebound foam insole for superior comfort

"Flared" outsole design w/ debris-release tread provides an extra stable base

REFERENCE

SPECIAL NOTE ON SLIP RESISTANCE

Certain indoor industrial plants have specific slip resistance needs — not all Ariat® boots that are “slip resisting” may be appropriate for these environments. As a guideline, many Safety Directors look for work footwear to rate .35 or higher, oily/wet conditions on Mark II to be appropriate for indoor manufacturing environments. Ariat® offers a range of styles that meet or exceed this level of slip resistance.
