

Energizer®

Gas Powered Inverter Generator

eZV4500i 4,500 Peak Watts
3,700 Running Watts

Up to
100 ft!

Remote Start

Remote start and stop up to 100-ft away in the comfort of your home, you won't even need to get dressed.

Parallel Ready

Parallel with any i-Series *Energizer* inverter generator to combine power outputs, using the i-Series parallel kit (not included).

Quiet Running Volume

Running as quietly as a friendly conversation, your neighbors won't even notice you power up.

Compact & Easy to Travel

Telescoping handle extends to make moving this unit as simple as deciding where to go.

**3 Year
Warranty**

Call us and you'll speak to a Canadian. We have high standards for our products, and if they're not met, our in-house support team will help you get back up and running right away or booked into a local service center for hands-on support from an expert. Tech support, express parts, and skilled labour are all included in your warranty.

This quiet powerhouse is easy to travel with.

The eZV4500i is a compact source of safe power for your next event, jobsite, RV, or when the power goes out and you need it most. Remote and electric start, automatic throttle, and automatic choke are included to make powering your life as effortless as pressing a button.
