

XP 385 Romance Copy

The new Explorer 385 shoots an arrow up to 385 FPS and delivers bone-crushing kinetic energy of 122 ft/lbs. The power stroke is 13.6", and the draw weight is 185 lbs. It comes equipped with a 4 x 32 mm multi-reticle scope and is available in "Veil Cervidae" pattern camouflage. Weighing in at just over 7 lbs. (scope included), the Explorer 385 is light enough to carry anywhere your hunt takes you and powerful enough to get the job done every time.
