

Camp Café

Cooking

NESTING TOGETHER FOR EASY TRANSPORT AND STORAGE, EUREKA!'S CAMP CAFÉ QUICKLY BREWS QUALITY COFFEE FOR THE WHOLE CREW.

2.5L boiling kettle features patented FluxRing Technology™ to increase efficiency and boil water twice as fast as a standard kettle. 60 oz boils in 6 minutes with standard 10K BTU burner.

Coffee carafe and pour over filter holder pack together with the boiling kettle for easy transportation and storage.

12 cup carafe gets everyone coffee just when they need it: first thing and fast.
(Standard #4 filter compatibility)

Nesting together for easy transport and storage, Eureka!'s Camp Café quickly brews quality coffee for the whole crew and cleans up in a snap.
