

ALPS BRANDS.

# 2024

fall hunting

# WHO WE ARE

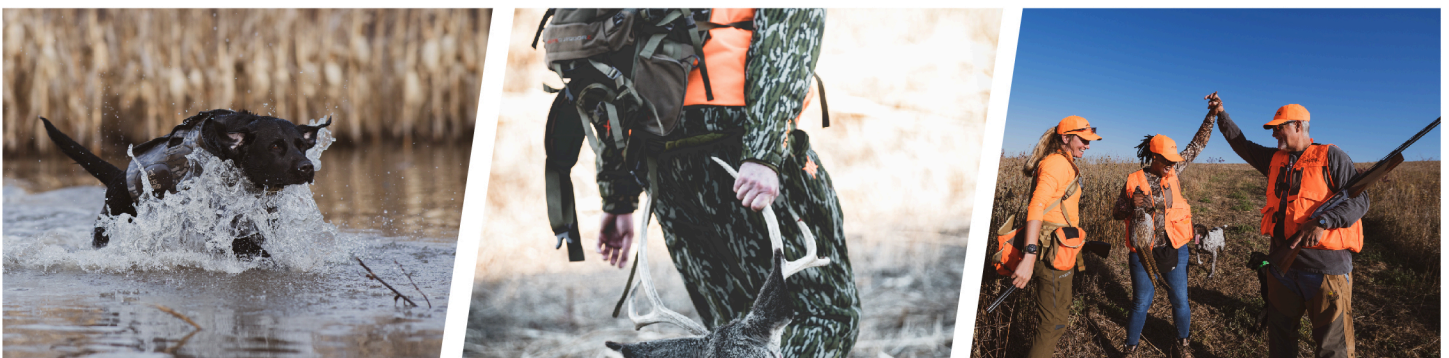

---

As a family-owned and operated company, we're more than just a business; we're a tight-knit family of dedicated people who live and breathe the outdoor lifestyle that defines our brand. In 2007, ALPS Brands established ALPS OutdoorZ. Since that time, we have grown exponentially, reaching new milestones, expanding our product line to cater to all hunt types, and forging impactful conservation partnerships. At the heart of our principles is a commitment to delivering top-notch, field-tested performance gear designed with the hunter in mind. We firmly believe that every product should stand the test of time and exceed the expectations of those who choose to embark on their outdoor adventures with ALPS gear. Incorporating valuable consumer feedback is integral to our development process, ensuring innovation remains a constant in bringing our products to life.

# EXCEED YOUR EXPECTATIONS

---

At ALPS OutdoorZ, we stand by our promise to provide affordable, performance-driven gear that exceeds your expectations. Our commitment extends beyond the transaction; it's about your experience with our products. Value, for us, is not just about getting what you pay for; it's about getting more than you pay for. Our industry-leading warranty reflects the confidence we have in our products. While our factories adhere to strict specifications and quality standards, should an issue arise, we encourage you to reach out. Our dedicated team goes beyond fixing problems; we aim to build your confidence in the ALPS brand.

For us, it's not just about gear; it's about a shared passion for the great outdoors and a responsibility to preserve it for generations to come. Conservation is at the core of our values, and we've taken a proactive role in connecting people with the outdoor lifestyle. The decline in hunting participation since the 1980s is a challenge we're ready to tackle. As a company, we believe in positive action. While there's no one-size-fits-all solution, collective effort can yield meaningful results. If each of us mentors just one new potential hunter, we can make a difference.

Hunting is more than a pastime; it's a lifestyle and heritage we cherish. We're passionate about introducing more individuals to the outdoors. We implore each of you to help us engage a friend, co-worker, or acquaintance of any age.

Join us in the fight to make a change.
