

## Yard Tuff YTF-48PA3PT 48" 3 pt Plug Aerator

The Yard Tuff YTF-48PA3PT 48", 3-point Plug Aerator is the perfect tool for aerating your soil. This tool has a wide working width of 48" to allow for fast and efficient work. The 54 coring plugs, each measuring 5.83", penetrate up to 3" deep into the ground to effectively aerate your soil. The plugs are even replaceable to keep your aerator working to its full potential.

Constructed of heavy-duty steel with a powder-coat finish, this Yard Tuff Plug Aerator is durable and reliable and will even resist corrosion to last even longer. Easily attach and use this hassle-free product with your Category 0 and 1 tractors. Features retractable feet to reduce wear on aerator plugs when not in use. Yard Tuff's Plug Aerator includes a weight tray that will hold up to 200 lbs. of cement blocks or sand bags to aerate your soil even deeper and more effectively. This product measures 55.91" x 23.23" x 31.1" overall and is ideal for use with more compact soil and lawns, including soil with a high clay concentration.
