

Yard Tuff YTF-60SA3PT 60" 3 pt Spike Aerator

The Yard Tuff YTF-60SA3PT 60", 3-point Spike Aerator is the perfect tool for aerating your soil. This tool has a wide working width of 60" to allow for fast and efficient work. The 126 spikes, each measuring 3", penetrate up to 2.5" deep into the ground to effectively aerate your soil. The drum has a capacity of 40 gallons to allow you to reach even deeper into the soil for optimal air exposure. Constructed of heavy-duty steel with a powder-coat finish, this Yard Tuff Spike Aerator is durable and reliable and will even resist corrosion to last even longer. Easily attach and use this hassle-free product with your Category 1 tractors. The aerator features retractable feet to reduce wear on aerator spikes when it's not in use. This product measures 65.51" x 30.51" x 32.28" overall and weighs 392.42 lbs. with water in the drum and 134.48 lbs. with an empty drum. It is ideal for use with looser soils higher in sand concentrations.

- Working width of 60" allows for fast and efficient work
- 126 spikes, 3" each, penetrate up to 2.5" deep into the ground to effectively aerate your soil
