

Field Tuff FTF-60LSR3PT 60” 3-Point Landscape Rake

Field Tuff’s FTF-60LSR3PT 3-Point Landscape Rake covers a 60” wide working path to cover a lot of ground at once. It features 30 heavy-duty and durable tines to give you great coverage. This landscape rake was built to reduce clogging with the special 1 ¾” spacing between the tines. The 360° rotation allows for a wide range of angular and reverse settings, making this a very versatile product. It is designed to allow you to work close to fences, walls, and other objects, helping you to get the most use out of your landscape rake. The heavy-duty, black coating resists rust and corrosion to be a long-lasting piece of equipment. The 3-point hitch and Category 1 hitch pin make this rake perfect for use with Category 1 tractors. Ideal for grading, leveling, removing rocks, breaking up sod clumps, and so much more, this is a valuable piece of equipment. 1 year limited manufacturer’s parts warranty.
