

Field Tuff FTF-0631CP3PT 3-Point Cultipacker

The Field Tuff FTF-0631CP3PT 3pt Cultipacker has a working width of 72” or 6’ for a wide working area. This Field Tuff cultipacker fits your category 1, 3pt hitch equipment. Constructed of 31 individual, cast-iron, agricultural-quality packer wheels that measure 9.5” each. This model features crushing knobs for pulverizing clumps and creating moisture-retaining dimples for healthier soil. The steel packer wheel shaft measures 1 ¾” in diameter for a long-lasting tool. The cultipacker features a tray on top and the frame measures 72” x 18”. The Field Tuff cultipacker is ideal for removing air pockets, creating a firm seedbed, and preventing deep seed planting. 1 year limited manufacturer’s parts warranty.
