

Field Tuff FTF-02TQH 3-Point Hitch

Field Tuff's FTF-02TQH 3-Point Hitch is a must-have tool and will cut your trailer-moving time in half. This product is designed with a rugged 2", heavy-duty square frame for long-lasting durability and reliability. Field Tuff's 3-Point Hitch fits Category 1 tractors with a 3-point hitch. The hitch receiver accepts any 2" ball mount (not included), allowing you to use the 3-point for a wide variety of implements. It even includes a welded 2 5/16" ball for moving gooseneck trailers, adding versatility. Get the proper height for moving by easily raising and lowering the hitch to the proper height for the job. This tool makes moving trailers a one-person job and gives you great visibility when backing up trailers. It cuts your time in half and conveniently allows you to remain and never leave the tractor to move any style trailer. 1 year limited Manufacturer's parts warranty.
