

BARNETT RAPTOR BCX

Introducing the **HYPER RAPTOR BCX**, an advanced hunting crossbow seamlessly integrating cutting-edge tech for exceptional performance. As the newest member of our lineup, it launches 20" HyperFlite™ arrows at an impressive 425 fps*, delivering powerful kinetic energy for effective penetration.

Weighing only 6.9 lbs. and measuring 7.25 in. axle-to-axle when cocked, the BCX features a nimble design for diverse hunting scenarios. With a custom step-through riser, advanced limbs, Infinity cams, TriggerTech trigger, and Soft-Lok Bristle Retainer System, the Hyper Raptor BCX ensures precise accuracy. Pivoting limb pockets boost durability, and the innovative Halo System guarantees balanced string travel for superior accuracy. Elevate your hunting experience with the Barnett Hyper Raptor BCX.

FEATURES

- Lightning fast 425fps arrow speed*
- Crushing 152fp of kinetic energy
- Ultra-narrow 7.25" axle to axle
- Compact 32.5" length
- Self-timing Infinity cams
- Lightweight, crisp TriggerTech trigger w/anti-dry fire mechanism (\$200 value)
- Larger revolutionary Halo cable system for added clearance
- Patented step-through riser
- Adjustable length-of-pull buttstock
- Rope Hold Roller Ball Technology (patent pending) with additional CCD groove cord lock
- Pass-through forend with fold-down verti-grip with vibration dampener and grip plug
- Integrated string and vibration dampeners
- Soft-lok floating bristle arrow retainer
- New quick-detach side-mount quiver bracket and 3 arrow premium quiver
- Compatible with HyperFlite arrows or standard diameter arrows with moon nock
- Single bolt assembly
- Includes: 3 HyperFlite 20" 204 small-diameter arrows with field points; premium quick-detach, side-mount 3 arrow quiver; lube wax and lens cloth
- New Lightweight 6.9lb design
- Power stroke: 14"
- Draw weight: 215lb.

*Speed testing done w/380gr arrow
 **Many patents and pending patents
