

**Title:** EDGE 2

**Model #:** MMC-14123

**Marketing Copy:**

The new EDGE 2 is a more powerful and responsive version of the groundbreaking EDGE camera. It is now equipped with a new feature by Moultrie Mobile – On-Demand – allowing you to effortlessly trigger a photo or video via the app and get it immediately after capture. With improved trigger speed and night vision, EDGE 2 is a game-changing trail camera for capturing wildlife. Building on its innovative heritage of first-to-market with technologies like automatically connecting to the strongest network and using Built-In Memory instead of SD cards, Moultrie Mobile continues to set the pace for cellular trail camera innovation.

Includes Camera, Mounting Strap, QSG

- EDGE 2 provides dependable connectivity through its Auto Connect Technology that automatically identifies and links to the strongest signal available from various nationwide networks.
- Built-in memory – no SD Card required.
- Exceptional Image/Video Quality – High-Performance Image Sensor captures sharp 36MP pictures and HD 720p video with audio, day and night.
- Fast – 0.4-second trigger speed.
- Detection Range: up to 80ft
- Clear Night Images – Improved IR LED array for more even full-image illumination up to 80ft.
- NIR (near infrared) technology enables image sensors see better and farther in low light while consuming less power.
- Capture More Action – Expanded field of view of 50° for even better coverage.
- Burst Mode: Yes, up to 3 photos per triggering.
- Fold & Transport Cellboost antenna provides better connectivity and folds for easier transport in and out of the field – no assembly required.
- Time, date, moon phase, temperature, and camera name stamping on every image.
- Easy to set up – Scan QR code to activate. Switch it on, and you're READY TO GO.
- Flexible power options – runs on 8 or 16 AA battery configurations; compatible with solar power accessories or Moultrie Mobile Rechargeable Lithium Battery Pack. All are sold separately.
- 2-year warranty backed by U.S.-based customer support, available 7 days a week.
- Industry-leading Moultrie Mobile App with plans starting at \$9.99 per month.
- Dimensions: 5.39" x 4" x 3.54"
- REMOTE SETTINGS: Fine-tune your camera settings from anywhere with the app.

- SPECIES RECOGNITION: Smart Tag AI analyzes and automatically tags images of deer, turkeys, people, vehicles, and more so you can quickly filter your pictures and set up customized notifications.
- WEATHER DATA: View the forecast for your hunting location. Designed for hunters, with hourly and daily forecasts providing all the data points you need as you head to the field. Always know where your scent is blowing with wind-direction arrows.
- HD IMAGES & VIDEO ON DEMAND: Download high-quality photos and videos when you want them, right from your phone.
- ACTIVITY CHARTING: Know the Best Time to Hunt with Activity Charting. This feature lets you see which camera locations have the highest traffic for bucks, does, turkeys, and more based on the time of day, temperature, and moon phase.
- GAME PLAN: Forecasts deer movement with trail camera data and weather forecasts for the next nine days. Available with an Unlimited or Pro Subscription.
- INTERACTIVE MAPS: The all-in-one answer to all your land navigation and activity tracking needs. Base views, Topo Overlays, and over 70 pin types to help you dial in your hunting strategy. An Unlimited or Pro subscription can access even more premium tools, including Property Line overlays with Parcel information.
- CAMERA SHARING: If you have at least one active Unlimited or Pro Series subscription, you can invite friends and family to see pictures from any of your cameras – even if they are not Moultrie Mobile customers. Customers with their own cameras can quickly switch between their own cameras and cameras shared with them through the app’s gallery. Invitations and access are managed through the app.
- FREE UNLIMITED CLOUD STORAGE: No purging of images after 30 days, even if you cancel your plan.

EVERYTHING YOU NEED TO PLAN YOUR HUNT – ALL IN ONE APP.

**Title:** EDGE 2 PRO

**Model #:** MMC-14125

**Marketing Copy:**

Moultrie Mobile sets the standard in cellular trail camera technology with the new EDGE 2 PRO cellular trail camera. EDGE 2 PRO boasts new, advanced features from Moultrie Mobile – tamper detection, GPS, and On-Demand capabilities – making it the top-of-the-line option in its category. With the GPS feature, your camera is automatically pinned on the map, so you can be sure that your camera is always where you left it. The On-Demand feature is a game-changer, allowing you to effortlessly trigger and receive a photo or video via the app and get it immediately after capture. Additionally, the EDGE 2 PRO comes with an improved trigger speed and better night vision than its predecessor. The convenient Live Aim, Smart Capture, Smart Zones, and the exclusive False Trigger Elimination (FTE) technology features from the EDGE PRO are carried over to the new model, making it easy to capture the perfect shots you desire. With the included new EDGE SERIES EASY AIM MOUNT, you can now mount the camera more precisely and with ease.

Includes Camera, Mounting Strap, Easy Aim Mount, QSG

FTE TECHNOLOGY comprises of two Smart Features in one state-of-the-art trail camera: Smart Capture and Smart Zones.

- Smart Capture – Industry-first cellular trail camera with on-device Artificial Intelligence that captures only what you want to see– reducing blank images and extending battery life.
- Smart Zones – Selective triggering based on custom detection zones. Use EDGE 2 PRO’s detection zones to control what areas in the FOV can trigger the camera.
- Live Aim – A live look at the camera’s field of view via smartphone pairing. Before you walk away, see what the camera sees and capture a test image to verify your placement.
- EDGE 2 PRO provides dependable connectivity through its Auto Connect Technology that automatically identifies and links to the strongest signal available from various nationwide networks.
- GPS: Automatically pins on the map so you know exactly where you camera is located.
- Tamper Detection: Know if your camera has been messed with.
- On Demand: Enables users to trigger a photo or video via the App and have it available after capture.
- Built-in memory – no SD Card required.
- Exceptional Image Quality – High-Performance Image Sensor captures sharp 40MP pictures and HD 1080p video with HD audio, day and night.
- Fast – 0.3-second trigger speed.
- Detection Range: up to 100ft.
- Clear Night Images – Improved IR LED array for more even full-image illumination up to 100ft.

- NIR (near infrared) technology enables image sensors see better and farther in low light while consuming less power.
- Capture More Action – Expanded field of view of 50° for even better coverage.
- Burst Mode: Yes, up to 3 photos per triggering.

**Title:** Feed Hub Kit

**Model #:** MMF-15069

**Marketing Copy:**

The Moultrie Mobile FEED HUB KIT offers first-of-its-kind cellular connectivity and control for your game feeder. Used with the Moultrie Mobile App, it allows you to monitor feed and battery levels, run feeders on command, receive alerts when the feeder is clogged, and remotely adjust feed times.

The CELLULAR TIMER comes pre-installed in the MOULTRIE PRO HUNTER II housing, along with a Quick-Lock adapter for custom feeder assemblies. FEED HUB's Feed Level Detector mounts under the feeder hopper lid and measures the feed level. This system allows you to perform all feeder operations remotely via the Moultrie Mobile App.

It provides peace of mind that the feeder is operating as expected, enables remote control for easy adjustments, and helps plan trips to service the feeder more efficiently.

\*FEED HUB must have an active subscription via Moultrie Mobile to control the feeder and see the current status of the feeder. \*Check compatibility here. [Feed Hub Compatibility List](#)

Includes:

Feed Level Detector, Pro Hunter II Feeder Kit with integrated Feed Hub Timer, Adapter, Adapter hardware, Quick Start Guide

- FEED LEVEL DETECTOR - Measures how much feed is in the hopper.
- CELLULAR TIMER comes pre-installed in the MOULTRIE PRO HUNTER II housing, along with a Quick-Lock adapter for custom feeder assemblies. Runs the feeder based on the schedule you set in the Moultrie Mobile App, and sends the latest feed level.
- MOULTRIE MOBILE APP - See remaining feed levels, get clog and low battery alerts, and feed on demand.
- REMOTE FEEDER MANAGEMENT - Check your feeder's status and change settings anytime, from anywhere. Remotely set up to 10 daily feed times for different days and seasons.
- Get alerts for clogs, jams, low feed, or low battery levels so you know when to visit your feeder.
- Dispense feed at anytime from anywhere.
- AA Batteries (not included) – batteries used to power the Feed Level Detector (4 AAs).
- Motor battery (not included) – battery used to power the motor of the feeder can either be 6V or 12V, depending on the feeder kit being used.
- Our Moultrie Mobile® Universal Solar Power Packs and Battery Box are compatible with FEED HUB if you want to power via solar or battery power. If you're looking for external power options, check out <https://www.moultriemobile.com/accessories/> to shop for accessories.

**Title:** 3.4W 12V Power Panel

**Model #:** MMA-14126

**Marketing Copy:**

An excellent power solution for your EDGE Series cameras and beyond. This innovative device offers fast power replenishment along with great shade tolerance and ample rechargeable battery capacity, ensuring you stay powered up during cloudy, overcast winter days. By adding a solar panel, the battery life can be significantly extended as it only consumes the battery when there is insufficient sunlight.

Includes: Solar Pack, Solar Mount, Mounting Strap, USB-C cable, Barrel jack to USB-C cable

- Power bank capacity: 3350mAh
- USB-C input/output
- 12V port
- Charge cycles: 500
- Daily full sun for recharge: 50 minutes
- Weeks w/o full sun: 2.75
- Includes barrel jack to USB-C cable to support all EDGE Series cameras
- IP65 water-resistant design
- Battery level indicator button
- 1/4" 20 mount
- Will charge other devices such as phones, etc.
